

Update

UPDATE Syntax

```
UPDATE [LOW_PRIORITY] [IGNORE] tbl_name  
    SET assignment_list  
    [WHERE where_condition]  
    [ORDER BY ...]  
    [LIMIT row_count]
```

Update a single row:

```
mysql> UPDATE tbl_name SET col = value WHERE col =  
value
```

Update multiple columns:

```
mysql> UPDATE tbl_name SET col = value, col = value  
WHERE col = value
```

Update a row using an expression:

```
mysql> UPDATE tbl_name SET col = expression WHERE  
col = value
```
